The purpose of this Public Involvement Plan (PIP) is to assist in providing information to and obtaining input from concerned citizens, agencies, private groups (residential and business), and governmental entities. The overall goal of this plan is to help ensure that the study reflects the values and needs of the communities it is designed to benefit. A schedule of public involvement activities and a list of documentation exhibiting compliance with these procedures are included.

This plan is in compliance with the Florida Department of Transportation's *Project Development and Environment (PD&E) Manual, Part 1, Chapter 11*.

1.0 DESCRIPTION OF PROPOSED IMPROVEMENTS

Contract ID Number: C20-2975-PW

Project Description: Eglin Air Force Base (AFB), in coordination with Okaloosa County, intends to identify roadway realignment options for SR 85 (referred to as the Proposed Action/Alternative throughout) and the existing roadway system leading to the Eglin West Gate for the purpose of maximizing areas of potential future land development west of the main cantonment area and improve operational deficiencies of the existing roadway network. A map showing the study area is shown in **Figure 1**.

Project Purpose: The purpose of the Proposed Action is for Eglin AFB and its tenants to have the optimum land development opportunities by expanding the available developable land within Eglin's cantonment area. The additional area is needed to support current and future mission related activities and to support and sustain a fully capable installation that is adaptable to the requirements of future generation weapon systems and associated facility infrastructure.

2.0 PROJECT BACKGROUND

As the Air Force's largest installation, Eglin AFB has grown since before WWII through the Cold War. Operations today occur in some of the facilities and infrastructure from that era, most well beyond their serviceable life. Decrepit facility conditions as well as old configurations are limiting factors to Research, Development, Test, and Evaluation (RDT&E) technological advancements.

The Westside Expansion Plan will provide Eglin AFB the ability to continue their current missions, adapt to the requirements of future generation weapon systems and their facilities, and make well-informed, more fiscally responsible decisions when determining whether to repair/reuse existing facilities versus replacing those facilities.

3.0 PROJECT GOALS

The purpose of the Proposed Action/Alternative is for Eglin AFB and its tenants to have the optimum land development opportunities by expanding the available developable land within Eglin's cantonment area. The additional area is needed to support current and future mission related activities and to support and sustain a fully capable installation that is adaptable to the requirements of future generation weapon systems and associated facility infrastructure.

4.0 IDENTIFICATION OF ELECTED AND APPOINTED OFFICIALS AND AGENCIES

Federal and State agencies, as well as Native American Tribes, having a concern in this project due to jurisdictional review or expressed interest have been identified and will be contacted directly by Okaloosa County through the Advance Notification (AN) process at the outset of the project in accordance with the PD&E Manual, Part 1, Chapter 3, Preliminary Environmental Discussion and Advance Notification.

5.0 IDENTIFICATION OF AFFECTED COMMUNITIES AND STAKEHOLDERS

The following public interest groups, homeowner's associations, organizations or businesses having a direct or expressed interest in the project study have been identified and will be contacted by Okaloosa County. The demographics of the study area were obtained through a Sociocultural Data Report (SDR) analysis. A copy of the SDR is in **Appendix B**. Based on the demographics of the study area, 7.9% of residents within the study area are between the ages of 50 and 64 years old, and 7.8% of the population within the study area is over the age of 65. To ensure maximum participation, the project team will hold all public meetings, with an option for virtual attendance, at an Americans with Disabilities Act (ADA) compliant facility within close proximity to the project area.

The following public interest groups, organizations or businesses having a direct or expressed interest in the project study have been identified and will be contacted by Okaloosa County. **Appendix C** lists contact information for potential stakeholders.

Neighborhoods or Homeowners Association within or adjacent to Project Area
Poquito Bayou Community Association
Bob Hope Village Hawthorn House (Air Force Enlisted Village)

Businesses within or adjacent to the Project Area
Air Force Armament Museum
Destin-Fort Walton Beach Airport
Eglin AFB Hospital
University of Florida Research and Engineering Education Facility
Shalimar Athletic Association
Connect with Flowers
Shalimar Cheers Pub
Northgate Shopping Center
Fairfield by Marriott Inn & Suites Fort Walton Beach – Eglin AFB
Coast2Coast Insurance Agency
Angelica's Hair Studio
Dr. Michael Raim Optometry
Sunset Liquors

Additionally, any public or private groups, organizations, agencies and/or businesses that express interest or requests information about the project will be added to the project mailing list.

6.0 OUTREACH ACTIVITIES

Communication and connection with the public is an important part of the project development process. Strategies used to notify and share information about the proposed transportation improvement and to solicit public input are listed in **Table 1**.

Table 1 | Strategies for Public Outreach

Forum	Method
Online	**Social Media:** Social media has the potential to greatly enhance public engagement, especially in information dissemination and participant feedback. HDR will work with the County to develop content to distribute using existing County social media platforms to make periodic announcements about the study including advertisements of the public meetings and key milestones. While County social media accounts are a matter of public record, comments obtained through social media on this project will not be used as part of the study's formal record. All conversations through social media will be monitored and recorded. **Project Website:** A project website will be developed to provide current project information to elected officials, agencies, and the public. Project documents will also be available digitally on the project website.
News Media	**Press Releases:** News/press releases will be submitted by the Okaloosa County Public Information Officer (PIO) or an appointed designee seven days prior to each public meeting and the public hearing. A press release will also be distributed to announce Federal Location Design Concept Acceptance (LDCA) at the end of the study.
Distributed Information	**Project Notices:** Project updates and invitations will be distributed to elected and appointed officials, property owners/tenants, business owners and interested parties, as necessary. It is anticipated that three notices will be distributed for this study: 1) at the project kickoff, 2) in advance of the public meeting or workshop, and 3) in advance of the public hearing. Notices may be hand delivered to residences and businesses located directly along the project corridor as deemed necessary by Okaloosa County. Elected and appointed officials will receive notification via email from the Okaloosa County Public Information Officer (PIO), Public Works Director or an appointed designee.

	Direct Mail List for Notifications: The following stakeholders will be contacted by direct mail to obtain input throughout the project development process and/or to provide project information: ▪ Those whose property lies, in whole or part, on either side of the right-of-way of each project alternative, as well as other local citizens who may be impacted by the construction of this project. *This portion of the mailing list will be based on the Okaloosa County Property Appraiser's tax rolls. A map showing the parcels to receive these notifications and the initial property owners mailing list can be found in* ***Appendix D***. ▪ Appointed public officials or individuals who request to be placed on the mailing list for this project (Elected officials will receive notification via email from Okaloosa County). ▪ Public and private groups, organizations, agencies, or businesses that request to be placed on the mailing list for this project.
Meetings	**Presentations to Local Officials:** Presentations may be given to local officials and agencies prior to the public meeting and the public hearing to appraise local officials of the project status, specific location, design concepts, and to receive their comments. This includes coordination with Eglin AFB through mechanisms such as the Air Force Special Operations Command Traffic Roundtable, and the Okaloosa-Walton Transportation Planning Organization (O-W TPO). **Public Hearing:** A formal public hearing, as required by Federal Regulations and State Law, will be held. **Public Meetings:** Public meetings may be scheduled at the discretion of Okaloosa County. **Alternatives Workshop:** A public alternatives workshop will be conducted to present the conceptual project alternatives being considered and to obtain comments from the public. The alternatives workshop will be conducted in person and/or virtually at the discretion of Okaloosa County. Public meetings or workshops must be advertised on the Okaloosa County website and in the Florida Administrative Register at least seven days prior to the meeting and hearing. **Informal Meetings:** In addition to scheduled public meetings/hearings, there may be additional unscheduled meetings with the public, elected and appointed officials, public agencies, or civic groups. The purpose of these meetings will be to inform the attendees of the project status.

	Public Meeting Facility: To ensure maximum public participation, the public hearing will be held in an easily accessible location near the project area. The preferred public meeting and public hearing venue is: *Okaloosa County Administration Building* *1250 Eglin Parkway* *Shalimar, Florida 32579* **Videos/Renderings/3D Animation:** To help facilitate understanding of project details, easy-to-follow PowerPoint presentations, videos, and renderings will be offered at the public meeting and public hearing. Also, a 3D model and animation will be available and help provide visualization of the project logistics.
Advertising	**Newspapers:** The placement of newspaper ads will occur prior to the public meeting and public hearing. Listed below is the newspaper with the largest circulation in Okaloosa County. *Northwest Florida Daily News* **Public Notices/Legal Display Ads:** Public advertisement will consist of a legal display advertisement published in the area newspaper with the largest circulation, The Northwest Florida Daily News, once prior to the public meeting, twice prior to the public hearing, and once to announce Federal LDCA at the end of the study. Notices will also be published on the Okaloosa County website on the designated project page and in the Florida Administrative Register at least seven days prior to each meeting/hearing.

7.0 PUBLIC INVOLVEMENT SCHEDULE

Public Involvement activities are included as part of the overall project schedule.

Table 2 | Anticipated Schedule of Outreach Activities

Activity	Date(s)
Public Involvement Plan	2026 Q1 (Jan)
Project Kick-Off Notice	2026 Q1 (March)
Public Alternatives Meeting	2026 Q1: Prepare/materials review (March-May); Q2: Meeting (early June), Comment Period (June); Q2-3: Meeting Summary (June/early July)
Public Hearing	2027 Q1: Prepare/materials review (Feb-Mar); Q1-2: Document available for public review (Mar-April); Q2: Hearing (early April), Comment Period (April)

8.0 COORDINATION WITH LOCAL AGENCIES

This project will have a varied group of principal stakeholders whose communication and collaboration will need to be coordinated. The Okaloosa County Project Manager may schedule meetings with Okaloosa County, Eglin Air Force Base, and/or other agencies, public officials, and others as needed or requested to discuss this project.

9.0 PUBLIC HEARING

In compliance with the FDOT Project Development and Environment (PD&E) Manual, 23 CFR 771, and Section 339.155, FS, a public hearing will be held.

Table 3 | Public Hearing Requirements

Activity	Requirements
Public Hearing Site	The public hearing will be held at a public, ADA compliant facility convenient to the study area.
Public Advertisement	A display advertisement will appear in the Northwest Florida Daily News twice (at least 15 days and no more than 30 days) prior to the public hearing. All advertisements will be sent to local newspapers via email or by registered mail, return receipt requested. In addition, an announcement of the public hearing will be published on the Okaloosa County website and in the Florida Administrative Register at least seven days prior to the public hearing.

Letters of Invitation	Letters will be mailed to all property owners as required by Section 339.155, FS, and to local elected and appointed government officials notifying them of the upcoming public hearing. Notices also will be hand-delivered to residents and businesses located directly along the project corridor as deemed necessary by the County.
Hearing Preparation	Slide presentations and/or video presentations, project corridor aerial maps, graphics, and handouts will be prepared to supplement the oral public hearing presentation.
Transcript	A verbatim transcript of the public hearing will be compiled to include written comments received at the hearing and written comments received within the established comment period after the hearing. All public hearing documentation (handouts, presentation, graphics, etc.) will be included with the transcript. The transcript will include a script of the recorded presentation, if applicable.
Documents for Public Review	Draft documents to support PD&E studies will be available for public review at least 21 calendar days prior to the public hearing date.
Locations for Public Review	Public notice will be provided in the public hearing advertisement and by mail invitation letters as to where the study documents are located for public review. Project documents will also be available digitally on the project website. Suggested public review site: *Okaloosa County Administration Building* *1250 Eglin Parkway* *Shalimar, Florida 32579* *Valparaiso Community Library* *459 Valparaiso Parkway* *Valparaiso, Florida 32580* Project documents will also be available digitally for public review on the project website.
Title VI and Related Statutes	Information about the County's Title VI Program will be provided in the presentation, by handout, signage, and through availability of personnel, on the Title VI Program and the Relocation Assistance Program.
Related Statutes	Notification of Okaloosa County's intent to comply with the ADA will be provided in public advertisements for the public hearing, in invitation letters to property owners/tenants and local officials, in handouts, and by selecting a public hearing site that meets all ADA requirements.

10.0 PUBLIC HEARING FOLLOW-UP

The procedures in **Table 4** will occur after the public hearing.

Table 4 | Public Hearing Follow-Up Activities

Activity	Requirements
Responses	Responses to all letters received as a result of the hearing and questions and comments made at the public hearing will be made in writing.
Recommendation Notice	A legal notice announcing Eglin and /or the Office of Environmental Management's (OEM) approval of the final document and recommendations (LDCA) will be published in the Northwest Florida Daily News. In addition, a press release to local media, a newsletter to property owners, and an email to local officials may be included as a part of the recommendation notice.
Public Hearing Transcript Package	A Transcript Package will be produced and will include the public hearing transcript prepared by an approved court reporter and an errata sheet detailing any transcript discrepancies and may include other items such as a copy of all correspondence received by the Department as part of the public hearing record, and affidavits of publication for newspaper ads advertising the hearing.
Comments and Coordination Report	A Comment and Coordination Report will be provided at the conclusion of the study. The report includes all public involvement outreach activities, including the date, time, and location of public involvement activities. Activity summaries should include photographs, mailing lists, sign-in sheets, maps, graphs, display boards and/or exhibits, comment forms, comment summaries, meeting notifications, evaluation forms, requests, surveys, presentations, and meeting minutes, as applicable. The number of people invited, and the number of attendees should be documented, as well as specific issues and/or concerns that were expressed as part of each activity.

11.0 PUBLIC INVOLVEMENT DURING DESIGN

To the extent public involvement activities are necessary in the design phase, the Design Project Manager will be responsible for coordinating any such activities.

Community Facilities

The community facilities information below is useful in a variety of ways for environmental evaluations. These community resources should be evaluated for potential sociocultural effects, such as accessibility and relocation potential. The facility types may indicate the types of population groups present in the project study area. Facility staff and leaders can be sources of community information such as who uses the facility and how it is used. Additionally, community facilities are potential public meeting venues.

Housing Tenure - Okaloosa

Data Sources

ACS vs Census Data

(1) The 2010 and 2020 Census data is represented by a combination of decennial and ACS data. The 2010 decennial is combined with the 5-year ACS data for 2006-2010 and the 2020 decennial is combined with the 5-year ACS data for 2016-2020. The General Population Trends, Race and Ethnicity Trends, and Age Trends are entirely from the decennial. The Income Trends, Disability Trends, Educational Attainment Trends, and Language Trends are entirely from the ACS. The Housing Trends section is derived from both: Decennial (Total # Housing Units, Housing Units per Acre, Owner-Occupied Units, Renter-Occupied Units, Vacant Units); ACS (Single-Family Units, Multi-family Units, Mobile Homes, Median Housing Value, Occupied Housing Units w/No Vehicle).

Area

(2) The geographic area of the community based on a user-defined community boundary or area of interest (AOI) boundary.

Jurisdiction

(3) Jurisdiction(s) includes local government boundaries that intersect the user-defined community or AOI boundary.

Goals, Values and History

(4) Information under the headings Goals and Values and History is entered manually by the user before the Sociocultural Data Report (SDR) is generated. This information is usually not available for communities with boundaries that are based on Census-defined places (i.e., not user-specified).

Demographic Data

(5) Demographic data reported under the headings General Population Trends, Race and Ethnicity Trends, Age Trends, Income Trends, Educational Attainment Trends, Language Trends, and Housing Trends is from the U.S. Decennial Census for 1990 and 2000 and the American Community Survey (ACS) 5-year estimates for 2006-2010 and . The data was gathered at the block group level for user-defined communities, Census places, and AOIs, and at the county level for counties. Depending on the dataset, the data represents 100% counts (Census Summary File 1) or sample-based information (Census Summary File 3 or ACS). For more information about using demographic data, please see the training videos located here: https://www.fdot.gov/environment/pubs/sce/sce1.shtm.

About the Census Data

(6) The block group analysis for project alternatives and AOIs do not always correspond precisely to block group boundaries. This report does not adjust the geographic area or data of affected block groups. It includes demographic summaries from any block group that overlaps the project alternative buffer or AOI boundary. Therefore, population that falls out of the SDR analysis area may be included in the results. Note that there may be areas where there is no population.

(7) Use caution when comparing the 100% count data (Decennial Census) to the sample-based data (ACS). In any given year, about one in 40 U.S. households will receive the ACS questionnaire. Over any five-year period, about one in eight households will receive the questionnaire, as compared to about one in six that received the long form questionnaire for the Decennial Census 2000. (Source: https://www.census.gov/content/dam/Census/programs-surveys/acs/news/10ACS_keyfacts.pdf) The U.S. Census Bureau provides help with this process: https://www.census.gov/programs-surveys/acs/guidance/comparing-acs-data.html

(8) Race and ethnicity are separate questions on the Census questionnaire. Individuals can report multiple race and ethnicity answers; therefore, numbers in the Race and Ethnicity portion of this report may add up to be greater than the total population. In addition, use caution when interpreting changes in race and ethnicity over time. Starting with the 2000 Decennial Census, respondents could select one or more race categories. Also in 2000, the placement of the question about Hispanic origin changed, helping to increase responsiveness to the Hispanic-origin question. Because of these and other changes, the 1990 data on race and ethnicity are not directly comparable with data from later censuses. (Source: https://www.census.gov/library/publications/2001/dec/c2kbr01-01.html)

(9) The "Minority" calculations use both the race and ethnicity responses from Census and ACS data. In this report, "Minority" refers to individuals who list a race other than White and/or list their ethnicity as Hispanic/Latino. In other words, people who are multi-racial, any single race other than White, or Hispanic/Latino of any race are considered minorities. We use the following formula: MINORITY = TOTALPOP - WHITE_NH where TOTALPOP is the Total Population and WHITE_NH is the population with a race of White alone and an ethnicity of Not Hispanic or Latino. Translating this to the field names used in the census ACS source data, the formula looks like this: MINORITY = B01003_E001 - B03002_E003. (Note, the WHITE_NH population is not reported separately in this report.)

(10) Disability data is not included in the 2010 Decennial Census or the 2006-2010 ACS. This data is available in the ACS 2019-2023 ACS. Because of changes made to the Census and ACS questions between 1990 and ACS, disability variables should not be compared from year to year. For example: 1) with the 1990 data, the disabilities are listed as a "work disability" while this distinction is not made with 2000 or ACS data; 2) the ACS data includes the institutionalized population (e.g. persons in prisons and group homes) while this population is not included in 1990 or 2000; and 3) the age groupings changed over the years.

(11) The category Bachelor's Degree or Higher under the heading Educational Attainment Trends is a subset of the category High School Graduate or Higher.

(12) Income of households. This includes the income of the householder and all other individuals 15 years old and over in the household, whether they are related to the householder or not. Because many households consist of only one person, average household income is usually less than average family income.

(13) Income of families. In compiling statistics on family income, the incomes of all members 15 years old and over related to the householder are summed and treated as a single amount.

(14) Age trends. The median age for 1990 is not available.

Land Use Data

(15) The Land Use information Indicates acreages and percentages for the generalized land use types used to group parcel-specific, existing land use assigned by the county property appraiser office according to the Florida Department of Revenue land use codes.

Community Facilities Data

- (16) Assisted Rental Housing Units - Identifies multifamily rental developments that receive funding assistance under federal, state, and local government programs to offer affordable housing as reported by the Shimberg Center for Housing Studies, University of Florida.
- (17) Mobile Home Parks - Identifies approved or acknowledged mobile home parks reported by the Florida Department of Business and Professional Regulation and Florida Department of Health.
- (18) Migrant Camps - Identifies migrant labor camp facilities inspected by the Florida Department of Health.
- (19) Group Care Facilities - Identifies group care facilities inspected by the Florida Department of Health.
- (20) Community Center and Fraternal Association Facilities - Identifies facilities reported by multiple sources.
- (21) Law Enforcement Correctional Facilities - Identifies facilities reported by multiple sources.
- (22) Cultural Centers - Identifies cultural centers including organizations, buildings, or complexes that promote culture and arts (e.g., aquariums and zoological facilities; arboreta and botanical gardens; dinner theaters; drive-ins; historical places and services; libraries; motion picture theaters; museums and art galleries; performing arts centers; performing arts theaters; planetariums; studios and art galleries; and theater producers stage facilities) reported by multiple sources.
- (23) Fire Department and Rescue Station Facilities - Identifies facilities reported by multiple sources.
- (24) Government Buildings - Identifies local, state, and federal government buildings reported by multiple sources.
- (25) Health Care Facilities - Identifies health care facilities including abortion clinics, dialysis clinics, medical doctors, nursing homes, osteopaths, state laboratories/clinics, and surgicenters/walk-in clinics reported by the Florida Department of Health.
- (26) Hospital Facilities - Identifies hospital facilities reported by multiple sources.
- (27) Law Enforcement Facilities - Identifies law enforcement facilities reported by multiple sources.

County Data Sources

ACS vs Census Data

(1) The 2010 and 2020 Census data is represented by a combination of decennial and ACS data. The 2010 decennial is combined with the 5-year ACS data for 2006-2010 and the 2020 decennial is combined with the 5-year ACS data for 2016-2020. The General Population Trends, Race and Ethnicity Trends, and Age Trends are entirely from the decennial. The Income Trends, Disability Trends, Educational Attainment Trends, and Language Trends are entirely from the ACS. The Housing Trends section is derived from both: Decennial (Total # Housing Units, Housing Units per Acre, Owner-Occupied Units, Renter-Occupied Units, Vacant Units); ACS (Single-Family Units, Multi-family Units, Mobile Homes, Median Housing Value, Occupied Housing Units w/No Vehicle).

About the Census Data

(34) Use caution when comparing the 100% count data (Decennial Census) to the sample-based data (ACS). In any given year, about one in 40 U.S. households will receive the ACS questionnaire. Over any five-year period, about one in eight households will receive the questionnaire, as compared to about one in six that received the long form questionnaire for the Decennial Census 2000. (Source: https://www.census.gov/content/dam/Census/programs-surveys/acs/news/10ACS_keyfacts.pdf) The U.S. Census Bureau provides help with this process: https://www.census.gov/programs-surveys/acs/guidance/comparing-acs-data.html

(35) Race and ethnicity are separate questions on the Census questionnaire. Individuals can report multiple race and ethnicity answers; therefore, numbers in the Race and Ethnicity portion of this report may add up to be greater than the total population. In addition, use caution when interpreting changes in race and ethnicity over time. Starting with the 2000 Decennial Census, respondents could select one or more race categories. Also in 2000, the placement of the question about Hispanic origin changed, helping to increase responsiveness to the Hispanic-origin question. Because of these and other changes, the 1990 data on race and ethnicity are not directly comparable with data from later censuses. (Source: https://www.census.gov/library/publications/2001/dec/c2kbr01-01.html)

(36) The "Minority" calculations use both the race and ethnicity responses from Census and ACS data. In this report, "Minority" refers to individuals who list a race other than White and/or list their ethnicity as Hispanic/Latino. In other words, people who are multi-racial, any single race other than White, or Hispanic/Latino of any race are considered minorities. We use the following formula: MINORITY = TOTALPOP - WHITE_NH where TOTALPOP is the Total Population and WHITE_NH is the population with a race of White alone and an ethnicity of Not Hispanic or Latino. Translating this to the field names used in the census ACS source data, the formula looks like this: MINORITY = B01003_E001 - B03002_E003. (Note, the WHITE_NH population is not reported separately in this report.)

(37) Disability data is not included in the 2010 Decennial Census or the 2006-2010 ACS. This data is available in the ACS 2019-2023 ACS. Because of changes made to the Census and ACS questions between 1990 and ACS, disability variables should not be compared from year to year. For example: 1) with the 1990 data, the disabilities are listed as a "work disability" while this distinction is not made with 2000 or ACS data; 2) the ACS data includes the institutionalized population (e.g. persons in prisons and group homes) while this population is not included in 1990 or 2000; and 3) the age groupings changed over the years.

(38) The category Bachelor's Degree or Higher under the heading Educational Attainment Trends is a subset of the category High School Graduate or Higher.
