#### 3. TITLE HOLDER & USE RESTRICTION WHEN PURCHASED WITH FEDERAL FUNDS

- A. Subject to the obligations and conditions set forth within 2 C.F.R. 200, title to real property acquired or improved under a Federal award will vest with the County.
- B. Except as otherwise provided by Federal statutes or by the Federal awarding agency, real property will be used for the originally authorized purpose as long as needed for that purpose, during which time the County must not dispose of or encumber its title or other interests.

#### **4. INSURANCE COVERAGE**

The County must, at a minimum, provide equivalent insurance coverage for real property and equipment acquired or improved with Federal funds as provided to property owned by the County. However, Federally-owned property need not be insured unless required by the terms and conditions of the Federal award. See 2 C.F.R. §200.310.

## SECTION 3

### REPORTING AND DISPOSITION

#### 5. REPORTING ON REAL PROPERTY WHEN FEDERAL GOVERNMENT RETAINS AN INTEREST

The Federal awarding agency or pass-through entity **must require annual reports by the non-Federal entity to be submitted on the status of the real property in which the Federal Government retains an interest, unless the Federal interest in the real property extends 15 years or longer.** If 15 years or more, the Federal awarding agency or pass-through entity, at its option, may require reporting at various multi-year frequencies (e.g., every two years or every three years, not to exceed a five-year reporting period; or annual reporting for the first three years and thereafter every five years). See 2 C.F.R. §200.329.

#### 6. DISPOSITION WHEN TITLE IS HELD BY THE COUNTY

When real property is no longer needed for the *originally authorized purpose*, the County must obtain disposition instructions from the Federal awarding agency or pass-through entity for the purchase of the real property.

The disposition instructions must provide for one of the following alternatives:

1. **Retain title after compensating the Federal awarding agency** - The amount paid will be computed by applying the Federal awarding agency's percentage of participation in the cost of the original purchase (and costs of any improvements) to the fair market value of the property. However, in those situations where the County is disposing of real property acquired or improved with a Federal award and acquiring replacement real property under the same Federal award, the net proceeds from the disposition may be used as an offset to the cost of the replacement property.
2. **Sell the property and compensate the Federal awarding agency** - The amount due to the Federal awarding agency will be calculated by applying the Federal awarding agency's percentage of participation in the cost of the original purchase (and cost of any improvements) to the proceeds of the sale after deduction of any actual and reasonable selling and fixing-up expenses. If the Federal award has not been closed-out, the net proceeds from sale may be offset against the original cost of the property. When the County is directed to sell property, sales procedures must be followed that provide for competition to the extent practicable and result in the highest possible return.
3. **Transfer title to the Federal awarding agency or to a third party as designated/approved by the Federal awarding agency**- The County is entitled to be paid an amount calculated by applying the County's percentage of participation in the purchase of the real property (and cost of any improvements) to the current fair market value of the property. See 2 C.F.R. §200.311(c).

## 7. ANNUAL REPORTING & DISPOSITION OF FEDERALLY-OWNED AND EXEMPT PROPERTY

1. Title to federally-owned property remains vested in the Federal Government. ***The County must submit annually an inventory listing of federally-owned property in its custody to the Federal awarding agency.*** Upon completion of the Federal award or when the property is no longer needed, the County must report the property to the Federal awarding agency for further Federal agency utilization.
2. If the Federal awarding agency has no further need for the property, it must declare the property excess and report it for disposal to the appropriate Federal disposal authority, unless the Federal awarding agency has statutory authority to dispose of the property by alternative methods. The Federal awarding agency must issue appropriate instructions to the County.
3. Exempt federally-owned property means property acquired under a Federal award where the Federal awarding agency has chosen to vest title to the property to the County without further obligation to the Federal Government, based upon the explicit terms and conditions of the Federal award. The Federal awarding agency may exercise this option when statutory authority exists. Absent statutory authority and specific terms and conditions of the Federal award, title to exempt federally-owned property acquired under the Federal award remains with the Federal Government. See 2 C.F.R. §200.312.

## SECTION 4

### RECORD RETENTION AND ACCESS

#### 8. RECORD RETENTION AND ACCESS

1. Records for real property acquired with Federal funds must be retained for 3 years after final disposition. See 2 C.F.R. §200.333 (c).
2. The Federal awarding agency, Inspectors General, the Comptroller General of the United States, and the pass-through entity, if applicable, or any of their authorized representatives, must have the right of access to any documents, papers, or other records which are pertinent to the Federal award, in order to make audits, examinations, excerpts, and transcripts. The right also includes timely and reasonable access to personnel for the purpose of interview and discussion related to such documents. See 2 C.F.R. §200.336 (a).
3. Expiration of right of access. The rights of access in this section are not limited to the required retention period but last as long as the records are retained. See 2 C.F.R. §200.336 (c).
